*Annual Report Summary
2006*

www.aabic.org.au

President's Report

During 2006 AABIC was able to continue to assist its' members in the areas of **subsidies** for approved therapy programs and incontinent aids along with equipment provision.

AABIC's **Incontinence Pad Buyers Group** continued to expand its patronage and we have also been able to provide additional subsidies to further assist families.

Membership has tapered off but remains positive with an increase in momentum as evidenced by additional equipment requests received in January '07.

Fundraising events held during the year included the GM Owner's Day and the ANZ Golf Day (22 years of support from the Chevrolet & Holden Car Clubs of WA and the ANZ Bank).

Thank you to those organisations and their volunteers/members.

The use of the **Chessell Drive property** has been under review for some time. In partnership with Valued Independent People we will be redeveloping the property in 2007 as a shared community facility.

AABIC relies on its membership taking an active part in both its current and future services. **Your council needs your active participation and input** so that we can make that significant difference and provide the services and benefits that you our members want and need.

Thank you to all who contributed to, and supported our cause, our brain injured children.

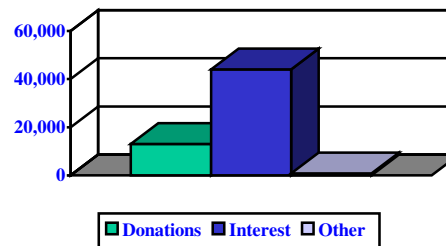

Treasurer's Report

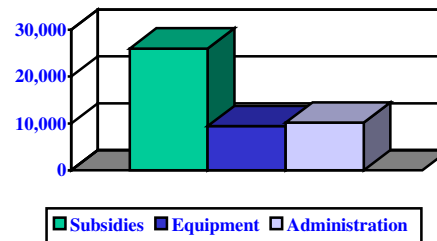

2006 has been a good year for AABIC, not just in financial terms with steady income streams from investments and donations, but also because we are continuing to be able to expand the monetary support we provide to our members and their families. Over 272% of donations received during the year were spent on support services.

Support Services

AABIC's function in recent years has been to support families with brain injured children in a number of ways, primarily financially.

Subsidies form the major component of the support services we provide each year. They generally comprise a % contribution determined by the AABIC council. In addition we provide more substantial support for equipment as requested.

In 2006 we were pleased to provide the following funding to our members for therapy and equipment:

	\$	Members
Conductive Education	19,768	29
Point Percussion	264	1
Other	65	1
Incontinence Buyers Group	5,912	39
MeyWalker	4,020	1
Electric Bed	5,387	1
Total Support	35,416	72

**Please help us, help you, support our brain injured children.
Get involved with your Charity!
Pass this on to family, friends and business associates.**
